

PARENTS

Our school takes part in The Big Challenge

Register your child for the contest

Open to primary and secondary students

Multiple-choice questions

45-minute test

Held within the school

No losers, everyone wins

Once a year, **The Big Challenge**, the largest English contest in Europe, invites students to answer **grammar, vocabulary and civilisation** questions in English.

It's built to **motivate students in their English learning**, whatever their level: a fun challenge for those already confident, and a real confidence boost for those who need a bit more support.

HOW TO REGISTER MY CHILD?

The contest takes place in March, at school — there's nothing else for you to organise. Simply confirm your child's participation to their teacher, along with the €5 fee. Some schools may have funding support. They will let you know if the fee is lower.

WHY SHOULD MY CHILD TAKE PART?

Taking part gives your child a real confidence boost in English, whatever their level. Every participant wins a small prize and an official diploma, and the best national and regional scores also win extra prizes.

550,000 students take part every year, across Europe.

A fun way to build motivation and confidence in English.

PLAY: a free app to practise English

The Big Challenge PLAY is a **completely free** app, with no ads, that turns English practice into a game — for the contest, and every day.

- ★ Over 1 million games played last year
- ★ Practising English in a fun way helps students make real progress — it's feedback we hear from teachers all the time
- ★ Content curated by English teachers, following the school year's programme

Download the app for your child with this QR code:
